PETITIONING THE COURT

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
1	"The defendant shall abstain from the use of all intoxicants, including alcohol, marijuana, synthetic marijuana, and bath salts, during the term of supervision."
2	"The defendant shall not unlawfully possess a controlled substance."
3	"The defendant shall refrain from any unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release on probation or supervised release and at least two periodic drug tests thereafter (as determined by the court) for use of a controlled substance, but the condition stated in this paragraph may be ameliorated or suspended by the court if the defendant's presentence report or other reliable sentencing information indicates low risk of future substance abuse by the defendant."

On or about January 18, 2022, James LeRoy May reported to the Northern District of Texas, Amarillo Division, and on January 21, 2022, he was enrolled in a urine testing program; however, the urine test was delayed due to May being very ill. On February 8, 2022, he was tested for COVID-19 and the results returned negative. On February 9, 2022, May reported to the U.S. Probation Office and submitted a urine specimen.

On March 1, 2022, the Amarillo Division reported May submitted his first urine sample on February 9, 2022, and a second urine sample on February 10, 2022. Both urine samples were tested and showed positive for methamphetamine. May admitted to using methamphetamine and signed an admission statement. May was initially set to release on January 23, 2023; however, due to the First Step Act he was granted an early release on January 18, 2022.
